ANSWERED ON:05.08.2002
CIVIL AVIATION PROJECTS
DUKHA BHAGAT

Will the Minister of CIVIL AVIATION be pleased to state:

- (a) the details of schemes/projects implemented in the country during the Ninth Five Year Plan for development of civil aviation;
- (b) the funds allocated by the Union Government during the said period and thereafter, project-wise;
- (c) the States which have been prioritized under this scheme; and
- (d) the current status of developmental works undertaken during the current financial year, project-wise?

Answer

THE MINISTER OF STATE FOR CIVIL AVIATION (SHRI SHRIPAD Y. NAIK)

(a) :- Airports Authority of India (AAI) has spent a total amount of Rs.1687 crores in the Ninth Five Year Plan on its schemes and projects implemented at various airports. These schemes / projects include construction of New Technical Block cum Control Tower at Chennai, Vadodra and Indore; construction of Terminal Building at Bangalore, Bhubneshwar, Dimapur, Hyderabad, Indore, Guwahati, Imphal, Jammu, Jodhpur, Bagdogra, Silchar, Tirupati, Patna and Port Blair Airports; strengthening and extension of Runway and allied works at Agra, Chennai, Calicut, Delhi, Dimapur, Goa, Gaya, Guwahati, Hyderabad, Indore, Jabalpur, Jorhat, Mumbai, Raipur, Rajkot, Rajmundry, Ranchi, Shimla, Thiruvananthapuram, Tirupati, Udaipur, Vijaywada; construction of Import Cargo at Amritsar are completed. Extension of Apron, construction of Boundary Wall, Taxi-track, Remote Parking Bays etc. are taken up depending upon the traffic requirement and availability of funds and resources.

(b) :- During the Ninth Five Year Plan, the Union Government gave a total budgetary support of Rs.125 crores for development of Airports at Amritsar, Aurangabad, Port Blair and airports in the North-East region and other crucial areas.

(c) :- The projects were undertaken on the basis of demands from airlines and availability of resources.

(d) :- The Airports Authority of India (AAI) has earmarked funds of Rs.645.70 crores for the expansion and development of various airports in the country during the year 2002-2003. Such projects depend upon the traffic requirements, availability of resources, weather conditions etc. and are taken up in a phased manner depending upon the particular need of the airport. All the works such as construction of Fire Station, Hangar, Cargo Complex, Boundary Wall terminal building Control Tower, extension and strengthening of runway etc. are as per schedule. The Progress of work of all the projects are closely monitored at Regional levels as well as at corporate level for timely completion.
